

Special Issue

Innovative Interventions to Improve Access to Care for Vulnerable Populations and Reduce Health Disparities

Message from the Guest Editors

This Special Issue invites the submission of research that explores ways to enhance healthcare access and reduce disparities. Our goal is to highlight evidence-based solutions that advance the accessibility and improve the quality of healthcare for underserved populations.

We welcome submissions from international themes and interdisciplinary fields, including, but not limited to, social work, medicine, nursing, public health, health economics, and public policy. We seek submissions focused on novel interventions and empirical studies that address healthcare barriers and promote health equity.

Guest Editors
