Special Issue

Occupational Health and Safety in the Healthcare Sector - Second Edition

Message from the Guest Editors

This new edition of the Special Issue "Occupational Health and Safety in the healthcare sector" is therefore soliciting manuscripts addressing topics related to the prevention of the occupational risks in the healthcare sector. Original articles and reviews on the prevention of work-related illnesses and injuries of the health personnel, as well as on the evaluation of the risks in the healthcare workplaces, and on the topics of risk perception and of the knowledge and attitudes of the workers towards the preventive procedures and the use of protections, including the vaccination campaigns, will be considered. Papers dealing with the themes of the prevention of infectious risk, chemical hazard, biomechanical overload of the musculoskeletal system, ionizing and non-ionizing radiation exposure and workrelated psychosocial factors are particularly welcome.
