

Special Issue

Human Health and Bacteria

Message from the Guest Editor

Dear colleagues, This special issue will focus on how human health is affected positively and negatively by bacteria. Original research papers and review articles on characterization of factors involved in the virulence and survival of various pathogenic bacteria, bacterial toxin-antitoxin systems, variations in human gut microbiome under a variety of disease and non-disease conditions will be included in this issue.

Guest Editor

Prof. Dr. Sangita Phadtare
