

Special Issue

Selected Papers from the 3rd International Conference “Genetically Modified Organisms: The History, Achievements, Social and Environmental Risks”

Message from the Guest Editor

We are pleased to invite you to take part in the work of the 3rd International Conference “Genetically modified organisms: the History, Achievements, Social and Environmental Risks”, which will be held on October 3-5, 2023, at St. Petersburg State University in a mixed format (full-time and remote participation).

<https://events.spbu.ru/events/gmo-2023?lang=Eng>

This Special Issue will publish selected papers from the conference. The conference will include several sections which cover the most significant research in the genetic engineering of plants. Topics of interest include, but are not limited to:

- GMOs for fundamental research;
- Plant genome editing technologies;
- GMOs for agriculture;
- GMOs for medicine;
- GMOs and the environment;
- GMOs and society.

Guest Editor

Prof. Dr. Tatiana Matveeva

Department of Genetics and Biotechnology, Saint Petersburg State University, 199034 St Petersburg, Russia

Deadline for manuscript submissions

closed (1 December 2023)

About the Journal

Message from the Editor-in-Chief

Horticultural plants and their products provide sustenance, health, and beauty. A confluence of factors is putting increasing pressure on horticultural production to evolve, and innovative research is addressing these challenges. *Horticulturae* provides a venue to communicate research results in a rapid manner with open access, allowing everyone the opportunity to stay abreast of leading research addressing horticulture. I invite you to consider publishing the results of your research in this high quality, peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Luigi De Bellis
Department of Biological and Environmental Sciences and
Technologies (DiSTeBA), Salento University, 73100 Lecce, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, FSTA, and other databases.

Journal Rank:

JCR - Q1 (Horticulture) / CiteScore - Q1 (Horticulture)
