

Special Issue

Feature Reviews in Floriculture, Nursery and Landscape, and Turf

Message from the Guest Editors

For this Special Issue, we welcome full reviews, mini-reviews, and opinion articles related to floriculture, nursery and landscape, and turf. These articles can address any aspect, including production methods, breeding, propagation, stress physiology, management of biotic and abiotic stresses, new trends and advancements, and others related to the Special Issue theme. **About the Journal**

Horticulturae is an international and interdisciplinary scholarly Open Access journal focusing on all areas of temperate to tropical horticulture and related disciplines. Horticulturae is a relatively young but well-established journal in its 7th volume this year. It has been accepted for coverage in the Science Citation Indexed Expanded (SCIE) in Web of Science. The journal is expected to receive its first Impact Factor in the June release of the Journal Citation Reports. IF is around 2.2-2.4. The CiteScore Tracker 2020 is 3.3. According to 2019 Scopus data, it now ranks 22/84 (Q2) in the 'Horticulture' category, 168/431 (Q2) in 'Plant Science', and **Q1** in the category '**Horticulture**' according to Scimago.

About the Journal

Message from the Editor-in-Chief

Horticultural plants and their products provide sustenance, health, and beauty. A confluence of factors is putting increasing pressure on horticultural production to evolve, and innovative research is addressing these challenges. *Horticulturae* provides a venue to communicate research results in a rapid manner with open access, allowing everyone the opportunity to stay abreast of leading research addressing horticulture. I invite you to consider publishing the results of your research in this high quality, peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Luigi De Bellis
Department of Biological and Environmental Sciences and
Technologies (DiSTeBA), Salento University, 73100 Lecce, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, FSTA, and other databases.

Journal Rank:

JCR - Q1 (Horticulture) / CiteScore - Q1 (Horticulture)
