University of Hong Kong, Hong
Kong, China

Dr. Holly Ching Yu Lam

The Jockey Club School of Public
Health and Primary Care, The
Chinese University of Hong Kong,
Hong Kong, China

Deadline for manuscript
submissions:

closed (31 July 2020)

Message from the Guest Editors

A Special Issue of *IJERPH* focusing on Health-EDRM has published 19 papers successfully since 2018 describing/reporting the latest disaster risks and health risk analyses, as well as interventions for health-related disaster risk management. In response to the emerging research needs in Health-EDRM, a second edition of the Special Issue is now calling for submissions. Disaster risk profiling and interventions can be at the personal/household, community, and system/political levels, and can be targeted at specific health risks including respiratory issues caused by indoor burning, re-emergence of infectious disease due to low vaccination coverage, and gastrointestinal problems resulting from unregulated waste management. Research outcomes and findings of multi-disciplinary studies are highly encouraged to submit to this Special Issue.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
