and Health Promotion Science,  
Poznań University of Physical  
Education, 27/39 Krolowej  
Jadwigi Str., 61-871 Poznań,  
Poland

Deadline for manuscript  
submissions:

**closed (31 January 2021)**

### **Message from the Guest Editors**

For this Special Issue in *IJERPH*, we especially welcome studies carried out in children/youth population involving the following topics:

- Physical activity/sedentary behavior assessment and surveillance in the context of recommendations;
- Physical activity/sedentary behaviors and mental health;
- Psychosocial correlates of physical activity and sedentary behaviors;
- Physical literacy studies;
- Neighborhood environment—built and social, as factors influencing choices leading to physical activity/sedentary behaviors;
- Gross motor skill development;
- The association between gross motor skills and physical activity/sedentary behaviors;
- Screen- and sitting time correlates;
- Active/passive transportation and physical activity levels;
- The role of sleep duration and sleep behaviors in children and adolescents' energy expenditure behaviors.

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
