

## **Workplace Health and Wellbeing 2019**

Guest Editor:

**Prof. Dr. Holly Blake**

School of Health Sciences,  
University of Nottingham,  
Nottingham NG7 2HA, UK

Deadline for manuscript  
submissions:

**closed (1 January 2020)**

### **Message from the Guest Editor**

This Special Issue in the International Journal of Environmental Research and Public Health is devoted to recent findings on “Workplace Health and Wellbeing”. This Issue will make a substantial contribution to the understanding of contemporary workplace health and wellbeing issues; the influence of health and wellbeing on individual and organisational outcomes; and the impact of workplace strategies, policies, and interventions on individuals and employers. A wide range of topics will be included in this Issue, related to but not limited to the mental and physical wellbeing of employees and particular occupational groups; psychosocial risk factors; the implementation and effectiveness of workplace wellness programmes; the engagement of line managers in workplace health initiatives, promoting healthy lifestyles at work; health screening interventions in workplace settings; the prevention or management of chronic conditions at work; the impact of health on the capacity of employees to work; studies around wellbeing and recruitment and/or retention; and the impact of workplace interventions on work engagement work performance and/or productivity.

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
