

Special Issue

Topical Advisory Panel Members' Collection Series: Environmental Science and Environmental Factors That Affect Health

Message from the Guest Editors

We are pleased to announce this Special Issue titled "Topical Advisory Panel Members' Collection Series: Environmental Science and Environmental Factors That Affect Health". This issue will be a Special Issue of papers from researchers invited by the Topical Advisory Panel Members. This Special Issue aims to provide a venue for networking and communication between *IJERPH* and scholars in the field of Environmental Science and Environmental Health. It welcomes papers focused on human-health-related environmental issues and the relationship between the physical, social, socio-economic, soil, water, air, and other environmental factors and health. All papers will be published with fully open access after peer review.

Guest Editors

Dr. Yu-Sheng Shen

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
