

Special Issue

Environmental and Economic Aspects of Climate Change and Low-Carbon Policies

Message from the Guest Editors

This Special Issue focuses on the nexus between climate change and the environment and economy, as well as the design, implementation and evaluation of diversified low-carbon policies. The authors are welcome to submit manuscripts related to, but not limited to, the following topics:

- Land use change and food production under climate change;
- Climate change and carbon sequestration;
- Impacts of climate change on urban natural capital and ecosystem services;
- Carbon–energy–water–food–economy nexus mechanisms;
- Challenges, investment opportunities and technological innovations in adapting to climate change;
- Low-carbon policies and resilience to climate change;
- Efficiency evaluation of government spending for climate change adaption;
- Designing and assessing of collaborative governance policies for low-carbon transition.

Guest Editors

Prof. Dr. Shulei Cheng

School of Public Administration, Southwestern University of Finance and Economics, Chengdu 611130, China

Dr. Gengyuan Liu

State Key Joint Laboratory of Environmental Simulation and Pollution Control, School of Environment, Beijing Normal University, Beijing, China

Deadline for manuscript submissions

closed (30 September 2023)

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
