

Special Issue

Holistic Approach to Pregnancy, Childbirth and Postpartum Period

Message from the Guest Editor

This Special Issue offers the opportunity to publish manuscripts on important public health issues related to gestational diseases, risky behaviors during pregnancy, complications of childbirth and puerperium, benefits and problems of breastfeeding, maternal health, maternity care, trends and sociological aspects of pregnancy, childbirth and postpartum periods. These various topics are pivotal to environmental health sciences and the protection of public health.

Guest Editor

Dr. Zaneta Kimber-Trojnar

Chair and Department of Obstetrics and Perinatology, Medical University of Lublin, 20-090 Lublin, Poland

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou
RCMI Center for Urban Health Disparities Research and Innovation,
Richard N. Dixon Research Center, Morgan State University, Baltimore,
MD 21251, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
