# Editorial Board Members' Collection Series: Trauma-Informed Care

### Message from the Guest Editors

We are pleased to announce a new Collection titled “Editorial Board Members' Collection Series: Emerging traumatic phenomena and their clinical psychological management based on evidence”, which will collect papers invited by the Editorial Board Members. The aim of this Collection is to provide a venue for networking and communication between *IJERPH* and scholars in the field of trauma-informed care. All papers will be published in open access following peer review.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
