

Special Issue

Topical Advisory Panel Members' Collection Series: Emotional Regulation and Mental Health Interventions

Message from the Guest Editors

We are pleased to announce this Special Issue titled “Topical Advisory Panel Members' Collection Series: Emotional Regulation and Mental Health Interventions”. It will bring together articles on the design of mental health interventions and services that will inform this shift. This issue will be a Special Issue of papers from researchers invited by the Topical Advisory Panel Members. This Special Issue aims to provide a venue for networking and communication between IJERPH and scholars in the field of Emotional Regulation and Mental Health Interventions and services. All papers will be published with fully open access after peer review.

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits
