

Special Issue

Topical Advisory Panel Members' Collection Series: Nutrition and Healthy Eating, Living and Aging

Message from the Guest Editors

We are pleased to announce this Special Issue titled “Topical Advisory Panel Members' Collection Series: Nutrition and Healthy Eating, Living and Aging”. This Special Issue aims to provide a venue for networking and communication between *IJERPH* and scholars in nutrition and related fields, including those related to the UN Sustainable Development Goals, and for the education of learners in these fields. All papers will be published fully open access after peer review.

Guest Editors

Prof. Dr. Matias Noll

Dr. Huijun Chih

Dr. Leigh A. Frame

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou
RCMI Center for Urban Health Disparities Research and Innovation,
Richard N. Dixon Research Center, Morgan State University, Baltimore,
