

Special Issue

Health Effects of Cannabis Use

Message from the Guest Editors

This Special Issue aims to bring together researchers across disciplines to present research that expands our understanding of cannabis as a medicine. Further, it will explore the barriers to accepting the potential benefits of both synthetic and phytocannabinoids as treatment options for patients within a sensible legislative model.

Guest Editors

Dr. Lucy J. Troup
Dr. Thorsten Rudroff
Dr. Simon Erridge

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
