

Special Issue

Metal Exposure and Health Risk Assessment 2020

Message from the Guest Editors

This Special Issue of the *International Journal of Environmental Research and Public Health* invites the submission of research papers and reviews on environmental metal exposures and health risk assessment, with a specific focus on the following topics:

- Biomarkers for cumulative metal exposure;
- Environmental justice issues specific to metal exposure;
- Metal exposure in low-and-middle income countries;
- Metal exposure and risk of adverse health outcomes;
- Assessment of metal exposures from personal care products or food sources;
- Occupational exposure to metals;
- Life-course measurements of metal exposure;
- Analytical methods for analyzing mixed metal co-exposures.

Guest Editors

Dr. Aisha S. Dickerson

Department of Epidemiology, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD 21205, USA

Dr. Aaron J. Specht

Department of Environmental Health, Harvard T.H. Chan School of Public Health, 665 Huntington Avenue, Building 1, Boston, MA 02115, USA

Deadline for manuscript submissions

closed (17 May 2021)

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou
RCMI Center for Urban Health Disparities Research and Innovation,
Richard N. Dixon Research Center, Morgan State University, Baltimore,
MD 21251, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
