# Advancing the Understanding of Motor Competence in Special Populations

### Message from the Guest Editor

This Special Issue of the *International Journal of Environmental Research and Public Health* (IJERPH) is inviting papers proposing new methods and tools for assessing motor competence in special populations, with a particular interest in promoting social inclusion and enhancing participation in organized physical and sport activity programs. Cutting-edge research papers, case reports, conference papers and reviews reviewing the actual state of the art on this topic are welcome.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
