

## Special Issue

# Nursing, Clinical Nutrition, Diagnosis and Treatment of Sepsis in Intensive Care

### Message from the Guest Editors

I want to invite you to submit your manuscripts to the Special Issue of *International Journal of Environmental Research and Public Health* entitled "Nursing, clinical nutrition, diagnosis and treatment of sepsis in Intensive Care". This topic covers many aspects of clinical practice. Therefore, the Special Issue is dedicated to physicians and nurses working in Intensive Care Units and other health care practitioners as radiologists, physiotherapists, and laboratory diagnosticians. All high-quality scientific papers related to diagnosis, treatment, and taking care of patients in Intensive Care will be welcomed.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
