

## Special Issue

# Effective Strategies for Oral Health and Dentistry Education

### Message from the Guest Editor

In this Special Issue, we call on general practitioners and clinical specialists in different dentistry areas to submit collaborative works; original research that uses quantitative, qualitative, or mixed methods; systematic or narrative reviews; and other types of manuscripts according to the journal requirements.

Some topics for this Special Issue (non-exclusive) could be:

- Quality of life of dental students and professionals;
- Effective practices for the training of undergraduate and postgraduate students;
- Knowledge, attitudes, and practices in oral health in different communities;
- Oral health beliefs in diverse populations;
- Evaluation of educative strategies in oral health (efficacy, effectiveness);
- Oral health promotion policies;
- Innovative approaches to learning and teaching in dental students;
- Multidisciplinary approaches in dental education and oral health;
- Tele-education and tele-dentistry

### Guest Editor

Dr. Andrés Alonso Agudelo-Suárez

Faculty of Dentistry, University of Antioquia, Calle 70 # 52-21, Medellín, Colombia

### Deadline for manuscript submissions

closed (30 December 2023)

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
