

## Special Issue

# Oral Pathologies and Their Impact on Public Health

### Message from the Guest Editor

I would like to invite you to submit a contribution to a Special Issue on "Oral Pathologies and their Impact on Public Health" in the *International Journal of Environmental Research and Public Health*. Adopting multi-, inter-, and transdisciplinary perspectives, expected submissions have to include, but are not limited to, the following topics:

- Diagnosis and treatment of benign or malignant lesions of the oral mucosa;
- Management of special needs patients in private or public oral healthcare organizations;
- Education to oral pathology;
- New technologies in dentistry and oral pathology;
- Oral prevention project for improving awareness and knowledge of oral health.
- Oral diseases in patients with systemic problems;
- Management of oral and maxillofacial pain;
- Oral carcinoma and public health.

---

### Guest Editor

Prof. Dr. Iole Vozza

Department of Oral and maxillofacial Sciences, Sapienza University of Rome, 00161 Rome, Italy

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
