

## Special Issue

# Healthy Child, Healthy Adult— Children’s Nutrition and Physical Activity as a Public Health Concern

### Message from the Guest Editors

This Special Issue of the *International Journal of Environmental Research and Public Health (IJERPH)* focuses on the current state of children’s physical activity and nutrition, with regard to current and long term health issues and NCDs as a public health concern and the consequences for individuals. New research papers, reviews, case reports and conference papers are welcome to this Special Issue. Other manuscript types accepted include methodological papers, position papers, brief reports and commentaries.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

---

### Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,  
Australia
