Special Issue

Tobacco Smoke Exposure and Tobacco Product Use

Message from the Guest Editors

This Special Issue aims to provide an overview of patterns of newer tobacco product use and exposure, biomarkers of tobacco use and tobacco smoke exposure, the related spectrum of clinical or neurobehavioral effects in diverse age and racial/ethnic groups, and interventions aimed to reduce current tobacco use and exposure patterns.

Topics of interest include, but are not limited, to:

Epidemiology and/or biomarker patterns of tobacco use and tobacco smoke exposure

Clinical effects of tobacco product use, particularly electronic cigarettes

Clinical and neurobehavioral effects of prenatal and postnatal tobacco smoke exposure

Associations of tobacco product use or tobacco smoke exposure and clinical biomarkers or diagnostic tests

Keywords: Nicotine;Tobacco; E-cigarettes;Electronic cigarettes; Vaping;Tobacco Cessation;Smoking Cessation;Tobacco Smoke Exposure; Environmental TobaccoSmoke Pollution;Secondhand smoke; Secondhand aerosol; Thirdhand smoke

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou

RCMI Center for Urban Health Disparities Research and Innovation, Richard N. Dixon Research Center, Morgan State University, Baltimore, MD 21251, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
