

## Special Issue

# Work and Organisational Well-Being: Stress, Burnout and Suicidal Risk

### Message from the Guest Editors

The aim of this Special Issue is to collect contributions that describe research on the issue of perception of well-being, work-related stress, and suicide risk in workers. Also welcome are contributions that describe interventions to implement the promotion and protection of health, safety and well-being of all employees.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
