

Special Issue

Mental Health Challenges Affecting LGBTQ+ Individuals and Communities

Message from the Guest Editors

This Special Issue will take a multi-disciplinary approach, and a range of creative, qualitative research methods will be used to give a voice to the marginalised. It will explore the experiences of LGBTQ+ individuals and communities across their lifespans.

- LGBTQ+
- mental health
- trauma
- wellbeing

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
