

Special Issue

Aging Processes, Lifestyles and Longevity

Message from the Guest Editors

This Special Issue of International Journal of Environmental Research and Public Health (IJERPH) focuses on Aging Processes, Lifestyles and Longevity. New research papers, reviews, case reports and conference papers are welcome to this issue. Papers dealing with new approaches, policies and theories to inform solutions to issues facing the aged are also welcome. Other manuscript types accepted include methodological papers, position papers, brief reports, and commentaries.

Guest Editors

Dr. Marina Celly Martins Ribeiro de Souza

Prof. Dr. Brenda F. Seals

Dr. Connie R. Kartoz

Dr. Sylvia Twersky

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief
