

Special Issue

Proceeding of 'Ecosystems and Human Well-Being in the Transition towards Green Economy'

Message from the Guest Editors

This Special Issue is open for submissions of papers presented at “Food Futures” and “Ecosystems and human well-being in the transition towards green economy”, Villa Vigoni, Italy, 25–31 May, 2013 and 2014. Papers submitted to this special edition of the IJERPH will undergo the standard peer review procedure of the IJERPH. Accepted papers will be published as part of the regular issues of the IJERPH and collected together on the Special Issue website. Published papers will be indexed by the SCIE (Web of Science) and PubMed.

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou

RCMI Center for Urban Health Disparities Research and Innovation,
Richard N. Dixon Research Center, Morgan State University, Baltimore,
MD 21251, USA
