

## Special Issue

# Environmental Microbiological Contamination and Public Health

### Message from the Guest Editors

This Special issue of International Journal of Environmental Research and Public Health (IJERPH) focuses on the current state of knowledge on the role of the environment in the spreading of human pathogenic microorganisms. New research papers, reviews, and case reports are welcome to this Issue. Other accepted manuscript types include methodological papers, position papers, brief reports, and commentaries.

### Guest Editors

Prof. Dr. Elisabetta Carraro

Department of Science of Public Health and Pediatrics, University of Turin, 10124 Torino, TO, Italy

Dr. Silvia Bonetta

Department of Life Sciences and Systems Biology, University of Turin, 10124 Torino, TO, Italy

### Deadline for manuscript submissions

closed (31 January 2022)

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
