

## Special Issue

# Heavy Metal Pollution and Health Risk Assessment

### Message from the Guest Editor

Papers addressing the following topics are invited for this Special Issue:

- Metal pollution in air
- Metal pollution in soil
- Metal pollution in water
- Metal pollution in wild animals
- Metal pollution in humans
- Metal pollution in low- and middle-income countries
- Health risk assessment of metal exposure in wild animals
- Health risk assessment of metal exposure in humans

---

### Guest Editor

Prof. Dr. Tetsuro Agusa

Faculty of Environmental and Symbiotic Sciences, Prefectural University of Kumamoto, Kumamoto 862-8502, Japan

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
