

## Special Issue

# Liver Cancer Prevention in Chronic Viral Hepatitis: Where Are We Now?

### Message from the Guest Editors

This Special Issue focuses on the current state of knowledge on the prevention and management of people with chronic viral hepatitis to prevent them from developing hepatocellular cancer (HCC). We invite contributions (using both quantitative and qualitative methods) exploring approaches to HCC prevention relating to: **Primary HCC prevention interventions, Secondary prevention, and Tertiary prevention.** We will accept manuscripts from different disciplines including epidemiology, intervention studies, and risk assessment. We encourage contributions utilizing quantitative, qualitative, and mixed methods methodologies.

### Guest Editors

Prof. Dr. Monica Robotin

School of Medicine, University of Notre Dame Australia, Chippendale NSW 2007, Australia

Prof. Dr. Jacob George

Faculty of Medicine and Health, The University of Sydney, Sydney, Australia

### Deadline for manuscript submissions

closed (1 December 2021)

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
