Special Issue

Mental Health Opportunities and Challenges across LGBTQ+ Communities

Message from the Guest Editors

For this Special Issue, we welcome academic papers that utilise different research methodologies including systematic literature reviews and quantitative, qualitative, and mixed-method designs. Papers should clearly focus on responding to the mental health opportunities and challenges that exist for LGBTQ+people at various points across the lifespan.

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.
