

## Special Issue

# Pharmacotherapy during Pregnancy, Childbirth and Lactation

### Message from the Guest Editor

Pharmacotherapy is a very powerful tool to improve the medical outcome of pregnant women and their newborns. As little as 5% of available drugs have been properly monitored, tested and labeled for use in pregnancy and lactation. Pregnant or lactating women are usually excluded from clinical trials, while product development for diseases specific to pregnancy or perinatal indications is very limited. However, in real life, pregnant women get ill, and ill women get pregnant. Pregnant or lactating women and their caregivers are left in the dark about risks they cannot oversee, and they need to take responsibility for this uncertainty.

### Guest Editor

Prof. Dr. Karel Allegaert

1. Department of Development and Regeneration, KU Leuven, Leuven, Belgium
2. Department of Pharmaceutical and Pharmacological Sciences, KU Leuven, Leuven, Belgium
3. Department of Clinical Pharmacy, Erasmus Medical Center, Rotterdam, The Netherlands

### Deadline for manuscript submissions

closed (30 April 2022)

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

*IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
