

Special Issue

The Financial Industry 4.0 Part 2

Message from the Guest Editors

In 2019–2020, we successfully launched a Special Issue on *The Financial Industry 4.0*, which attracted many submissions—articles that were accepted and published in the Special Issue were among the top-viewed and top-cited articles of *IJFS* in 2020. Given that the role of technology and innovation in the financial sector has been, and is going to be, more and more important—especially in a post-COVID-19 era where work-from-home and social-distancing are in place—we decided to launch a new Special Issue on the same topic of *The Financial Industry 4.0 Part 2*.

About the Journal

Message from the Editor-in-Chief

I'm thrilled to take the leadership reins of the *International Journal of Financial Studies* and welcome the opportunity to make it one of the vanguard open-source scientific journals in our field. I eagerly look forward to working with the journal editorial team in building upon the quality instilled by my predecessor to develop the title further and broaden the appeal to other new finance research areas while keeping our core a high-quality finance journal that serves and highly values the scientific community, readers and authors alike. *IJFS* aims to publish high-quality manuscripts in both theoretical and empirical finance spanning all the major research areas in the field. It aims to provide an outlet for original finance scholarly research that promotes interaction among finance scholars and practitioners and bridges the divide that can exist between them.

Editor-in-Chief

Prof. Dr. Zied Ftiti
