

Special Issue

Financial Econometrics and Machine Learning

Message from the Guest Editors

The aim of this Special Issue is to identify challenges and solutions for machine learning that contribute to financial econometrics with methods that find functional forms of models in a manner that includes artificial intelligence.

About the Journal

Message from the Editor-in-Chief

I'm thrilled to take the leadership reins of the *International Journal of Financial Studies* and welcome the opportunity to make it one of the vanguard open-source scientific journals in our field. I eagerly look forward to working with the journal editorial team in building upon the quality instilled by my predecessor to develop the title further and broaden the appeal to other new finance research areas while keeping our core a high-quality finance journal that serves and highly values the scientific community, readers and authors alike. *IJFS* aims to publish high-quality manuscripts in both theoretical and empirical finance spanning all the major research areas in the field. It aims to provide an outlet for original finance scholarly research that promotes interaction among finance scholars and practitioners and bridges the divide that can exist between them.

Editor-in-Chief

Prof. Dr. Zied Ftiti
OCRE Laboratory, EDC Paris Business School, 92415 Paris, France

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), EconLit, EconBiz, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Business, Finance) / CiteScore - Q2 (Finance)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 6.6 days (median values for papers published in this journal in the first half of 2025).
