Message from the Guest Editors

Dear Colleagues,

Sustainable transportation is a multidisciplinary discipline and research area, requiring the analysis of economic, social, environmental, and technological aspects, taking into account sustainability-related goals, for instance, in the development of universally accessible, safe, environmentally-friendly, and affordable transportation.

Prof. Alexandre Bacelar Gonçalves

Cartography and Geographic Information Science, Department of Geography and Regional Research, University of Vienna, Universitätsstr. 7, A-1010 Vienna, Austria

Message from the Editor-in-Chief

The *ISPRS International Journal of Geo-Information* invites you to submit research articles, reviews, and reports covering topics of the whole domain of geo-information. Although the journal was only founded in 2012, it has already achieved wide recognition in the scientific community. We are proud that since April 2015, our journal is indexed by the SCIE of the Web of Science. As Editor-in-Chief, I encourage you to consider *IJGI* for your scientific papers and would be pleased to welcome you as authors.

Author Benefits

Open Access:—free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: The journal is covered by **Science Citation Index Expanded** (Web of Science), Scopus and INSPEC (IET).

CiteScore (2019 Scopus data): **3.8**, which equals rank 28/95 (Q1) in the category 'Earth and Planetary Sciences (miscellaneous)', rank 99/679 (Q1) in 'Geography, Planning and Development', and rank 13/40 (Q3) in 'Computers in Earth Sciences.'
