GIS in Sustainable Transportation

Message from the Guest Editors

Sustainable transportation is a multidisciplinary discipline and research area, requiring the analysis of economic, social, environmental, and technological aspects, taking into account sustainability-related goals, for instance, in the development of universally accessible, safe, environmentally-friendly, and affordable transportation. About the Journal

Message from the Editor-in-Chief

The *ISPRS International Journal of Geo-Information* invites you to submit research articles, reviews, and reports covering topics of the whole domain of geo-information. Although the journal was only founded in 2012, it has already achieved wide recognition in the scientific community. We are proud that since April 2015, our journal is indexed by the SCIE of the Web of Science. As Editor-in-Chief, I encourage you to consider *IJGI* for your scientific papers and would be pleased to welcome you as authors.

Editor-in-Chief
