Chemistry, National Research
Technological University, K. Marx
Street 68, 420015 Kazan, Russia

Deadline for manuscript
submissions:

closed (30 May 2023)

Message from the Guest Editors

Dear Colleagues,

This Special Issue is entirely dedicated to magnetic interactions in chemistry. We welcome submissions of original research articles and reviews that demonstrate significant advances in the field of magnetism in heterogeneous or homogeneous chemistry, such as:

- structural characterizations demonstrating novel magnetic orderings for known catalysts;
- chemical studies providing solid proofs of improvement in catalytic performances (reaction rate, selectivity, flow rate...) by intrinsic and/or extrinsic magnetism;
- innovative theoretical treatments, theoretical advances and new models in understanding and clarifying the role of magnetism in chemical reactions;
- *state-of-the-art* DFT (and beyond-DFT) computation, computational analyses, and simulations able to clarify crucial aspects of magnetism in chemistry;
- new synergistic approaches utilizing theory, computation and experiments devoted to clarifying crucial aspects of magnetism in chemistry.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Specialized Clinical Sciences,
Sez-Biochimica, Faculty of
Medicine, Università Politecnica
delle Marche, Via Ranieri 65,
60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
