Deadline for manuscript submissions:
closed (30 July 2025)

Message from the Guest Editors

Dear Colleagues,

The Second International StemNet Meeting will take place in Brescia (Italy) on October 18-20, 2023, and in this occasion, we would like to share the scientific works of national and international speakers in the field of advanced cell therapies.

StemNet is a federation of the four main associations of stem cell research in Italy (FIRST, GISM, IPLASS, SCRI) that share and synergize experiences to enhance both the quality and the impact of research in this advancing field. The nine sessions of the meeting reflects the long lasting relationship among these associations and aims to improve the exchange of relevant and up-to-date information in basic and translational stem cell research in human and veterinary medicine.

Abstracts accepted for the conference can be published in this Special Issue of *International Journal of Molecular Sciences* in a conference report (subject to peer review).

Besides papers related directly to the presentations delivered during the conference, we warmly invite all those researchers whose work employs stem cells to submit a manuscript to this special issue.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. José L. Quiles

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
