Message from the Guest Editors

This Special Issue, dedicated to “Plant Biomechanics”, will cover a range of research topics in the field, from the role of mechanical factors in the regulation of plant development to the mechanical design of plant bodies that facilitate specific function performances and adaptations to environment. Both experimental papers and review articles are welcome.

Deadline for manuscript
submissions:

15 October 2020

Message from the Editorial Board

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access:—free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed by the **Science Citation Index Expanded** (Web of Science), MEDLINE (PubMed), Scopus and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 13.4 days after submission; acceptance to publication is undertaken in 2.2 days (median values for papers published in this journal in the first half of 2020).
