Deadline for manuscript  
submissions:

**closed (1 November 2022)**

### Message from the Guest Editor

Dear Colleagues,

I am serving as the guest editor of the Special Issue “Molecular Mechanisms of Steroid Hormone Biosynthesis and Action” in the International Journal of Molecular Sciences.

The biosynthesis of steroids and their actions in target tissues and cells are complex; however, coordinated processes that rely on a series of diverse cellular and molecular events, ranging from proper steroidogenic cell differentiation and gene expression to hormone transport, hormone processing, and hormone action via interaction with specific receptors.

It is my pleasure to invite you to contribute to this Special Issue by submitting an original research article or comprehensive review related to the above topic.

The submission deadline is 30 September 2022. Manuscripts may be submitted at any time before the deadline, as they will be published online on an ongoing basis. Here are some additional discounts which have been confirmed by the editorial office:

400 CHF discount for your submissions before 30 May 2022  
230 CHF discount for your submissions after 30 May 2022

## Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
