Deadline for manuscript  
submissions:

**closed (31 December 2023)**

### Message from the Guest Editor

Dear Colleagues,

In recent years, our knowledge of plant molecular biology has been dramatically improved by the introduction of biochemical and biophysical breakthrough techniques and the updated knowledge of plant genomics and genetics. With the aim of stimulating broad interest in plant molecular biology, the collection of papers in this special issue of *IJMS*, therefore, will present an overview of the latest fundamental discoveries in the field. For this reason, we invite scientists active in the field to provide the community with their outstanding research contributions. We welcome all types of submissions, including original research, reviews, perspectives, and opinion articles in this field, including (but not limited to) research covering

Prof. Dr. Yanjie Xie  
*Guest Editor*

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
