Sciences, Nagoya City University,  
Mizuho-ku, Nagoya 467-8601,  
Japan

Deadline for manuscript  
submissions:

**closed (15 February 2023)**

### Message from the Guest Editor

Dear Colleagues,

In this Special Issue, original studies on all aspects of ion channels and ion-related signaling are welcome, in particular molecular analyses of ion channels and their related intracellular signaling in multiple body systems are sought. It will also cover reports providing new insights into the molecular mechanisms of ‘channelopathy’, including the transcriptional, spliceosomal, epigenetic, and post-translational regulation of ion channels and the impact of novel screening technologies on ion channel drug discovery.

- ion channel
- Ca<sup>2+</sup> signaling
- channelopathy
- mitochondria ion channel: lipid raft
- cardiovascular disease
- immune disease
- membrane trafficking
- epigenetics
- cancer

Please feel free to contact me if you have interest in contributing a paper to our special issue.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Maurizio Battino

Department of  
Odontostomatologic and  
Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of  
Medicine, Università Politecnica  
delle Marche, Via Ranieri 65,  
60100 Ancona, Italy

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
