Alexander-Universität Erlangen-
Nürnberg, 91058 Erlangen,
Germany

Deadline for manuscript
submissions:

closed (31 December 2022)

Message from the Guest Editor

Dear Colleagues,

This Special Issue is the continuation of our previous Special Issue "Host-Pathogen Interaction 3.0".

Microorganisms can interact with larger organisms in many different ways, e.g., beneficially as symbionts, indifferently as commensals, or harmfully as pathogens. Today, a wide variety of molecular and cell biology tools, including advanced microscopy and -omics techniques, allow us to study these interactions at a molecular level. This Special Issue will deal with all aspects of pathogenic microorganisms (e.g., bacteria, yeasts, and protozoa) and their host organisms. Reviews and research articles focusing on either pathogens or hosts are welcome.

Prof. Dr. Andreas Burkovski

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
