

Special Issue

Cardiovascular and Metabolic Pharmacology

Message from the Guest Editor

Focusing on Cardiovascular and Metabolic Pharmacology, this Special Issue welcomes original research and reviews. It explores disease mechanisms, innovative drug targets, emerging therapies and multi-omics evidence to bridge basic research and clinical translation for cardio-metabolic disorders.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
