

## Special Issue

# Synergistic Properties of Selected Compounds with Antibiotics—Spectroscopic and Biological Studies

### Message from the Guest Editors

Therefore, this Special Issue is dedicated mainly to subjects related to the phenomenon of action of various synergistic compositions. By this, we mean not only antibiotics or compounds listed in the title of the issue but any kind of similar composition. We strongly encourage you to submit works related to the topics mentioned above in combination with model biological systems such as liposomal systems, micellar systems, aquatic environments, complexes with selected rare earth metal ions, nanoparticles, etc. Our primary interest is in new topics related to compositions exhibiting the synergistic properties of various molecules and in review articles related to any issue from the keywords or a given description. We strongly encourage you to send experimental works that are spectroscopic, theoretical, biological or contain all of these aspects combined.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
