

Special Issue

Molecular Strategies for Vital Pulp Therapy and Endodontic Regeneration

Message from the Guest Editor

Recent developments in dental biomaterials demonstrate a clear shift toward molecular strategies that actively influence tissue behaviour in both vital pulp therapy and endodontic regeneration. For this Special Issue, we invite submissions exploring biomaterials, biological mechanisms, and therapeutic concepts relevant to vital pulp treatment and regenerative endodontic procedures, with particular emphasis on the molecular design, characterization, and clinical translation of innovative restorative materials and novel scaffolds for endodontic tissue engineering.

Guest Editor

Prof. Dr. Matthias Widbiller

Department of Conservative Dentistry and Periodontology, University Hospital Regensburg, Regensburg, Germany

Deadline for manuscript submissions

31 May 2026

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
