

Special Issue

Molecular and Genomics Advances in Behaviours

Message from the Guest Editor

The Special Issue "[Molecular and Genomics Advances in Behaviours](#)" will bring together cutting-edge research from the fields of molecular and genomic research to help us to understand the processes and relationships underlying different behaviors. We encourage the submission of original research articles, reviews, and short communications that address different aspects of the molecular and genomic bases of behavior. This Special Issue focuses primarily on human research but does not preclude the presentation of results from experiments on animals that model human behavior.

Guest Editor

Dr. Péter Pikó

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
