Fibrotic Disease: From Pathophysiology to Treatment

Message from the Guest Editor

Fibrosis-related diseases are characterized by the formation of excessive connective tissue, which interferes with normal functioning and leads to the failure of the affected organ. The number of deaths due to various fibrotic diseases exceeds the number of deaths due to cancer, resulting in significant physical, emotional, and financial burdens. However, despite the huge effect of fibrotic diseases on human health, the pathophysiology of fibrosis remains obscure, and treatment is inefficacious. We are pleased to invite you to address the recent findings of research devoted to fibrotic diseases, including the pulmonary fibroses, systemic sclerosis, and liver, heart, or kidney fibrosis.

Guest Editor

Dr. Galina S. Bogatkevich

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
