

## Special Issue

# Molecular Insights into Pediatric Cancer: Advances in Hematopoietic Stem Cell Research

### Message from the Guest Editor

This Special Issue aims to showcase recent advances in our understanding of the role of the bone marrow microenvironment in normal and pathological conditions in which the derangement of hematopoiesis causes overt diseases.

## About the Journal

### Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
