

Special Issue

Animal Gut Microbial Metagenome

Message from the Guest Editor

Collaborating with *IJMS*, I would like to set up a Special Issue focus on the animal gut microbiome. Alongside the continuous progress of biotechnology, and molecular genetics, scientists in the field have rapidly conducted high-quality studies. The gut microbiota is now recognized as a major contributor in animal dietary nutrients digestion, health and productivity. In this project, we will explore the relationship of gut microbiome and animal nutrition and health. In addition, we would like to research this question through the method of metagenome specifically. In this Special Issue, original research, reviews, and short communications addressing the molecular mechanisms involved in the relationship between gut microbial and animal health will be warmly welcomed.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
