

Special Issue

Anti-Cancer, Anti-Inflammatory, and Antioxidation Active Substances: 2nd Edition

Message from the Guest Editor

More and more anti-cancer and anti-inflammatory active substances are being discovered and applied in cancer and inflammation treatment, and focus on the basic research on antiviral and antibacterial, also playing an important role in the molecular activity and biotechnology innovation of food and cosmetics. In this Special Issue, we are collecting papers regarding the role and molecular mechanisms of active substances in anti-inflammation and anti-cancer treatment, food and cosmetics. We welcome research articles and review papers focused on anti-cancer and anti-inflammatory active substances in cancer, from basic, translational science studies to clinical research. This Special Issue is supervised by and assisted by our Topical Advisory Panel Member Dr. Aleksandra Kalinska (Warsaw University of Life Sciences).

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
